FILE NO 2904-01-2

SERIAL NO 2 The D.P.I. of Education, in Mysore

No 19081
Ed-421

Dated 10/6/02

Has the honour to invite his attention to the fact that the village school Fund Budget for the year 1902-1903 has long been overdue; and to state that it is highly undesirable that there should be any further delay in its submission. It is observed that Proposals for increases or new grants should precede the Budget in sufficient time to enable sanctions being obtained by the D.P.I. for inclusion thereon. If the budget for 1902-1903

with all applications for increases connected therewith etc, do not come in by the middle of this month, the last years' grants under all heads will have to be repeated, all modifications thereof being reserved for treatment in connection with the Budget for 1903-1904. In the case of every institution involving an increase either of establishment or of grant of any kind, a brief explanation of the necessity therefor should be submitted for the information and orders of Govt. A mere list based on general grounds and unaccompanied by specific reasons (such as strength etc) in each individual case, scarcely

6 scarcely affords Govt
any room for scrutiny

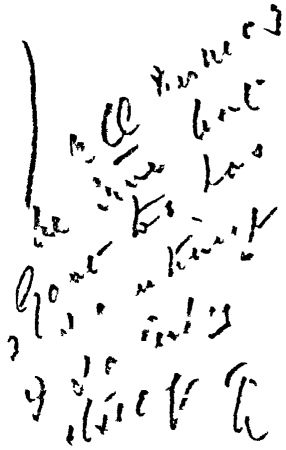
SIR,

With reference to your Docket No 19081 / Ed 421 dated 10th June 1902, I have the honour to inform you that the Village School Fund Budget and all ~~=~~ Proposals in connection with it have been already submitted to Government

2 With reference to the latter portion of the docket under reference every proposal involving an increase either of establishment or of a grant of any kind is carefully scrutinised before it is recommended to Government for sanction

The proposals are received usually on special printed forms, in inspection reports, and in official dockets. The printed forms giving all the necessary details connected with the proposals are enclosed herewith for the satisfaction of Government. I am personally acquainted with the state of all the schools at Taluk stations and of many village schools, and during my inspection tours I note down the requirements of the schools I inspect. No proposal is sent up for the sanction of Government unless I am satisfied that it is necessary in the interest of the school concerned.



I have the honour to be,

Sir,

Your most obedient servant,
